

WORKEXPRIENCE

Self-employed without employees, Companyname DesignConcept 3D RG.

Since 5/2007 functions; **Advisor, Constructor, Resident Engineer**, Activities; among other things Resident Engineer for Behr intern at DAF Eindhoven or from the home location DesignConcept 3D RG Brunssum or Behr Stuttgart. Constructor for Duvedec Europe BV

- Making Design Concepts in 3D for Products and tools and Moulds
- Attending products form draft blueprint till 2D sketch to 3D concept and final product for approval
- Stereo Lithography model to Silicon- Aluminum or steel- product or tool or synthetic material
- 3D and 2D workshop Design Drawings
- Project supervision, data communication, validation, conversions and EDM.

Construction, Engineering, Maintenance

12/2004 - 5/2007 **Part-time Jobs** in NL, D, B & started with HBO Study WTB Higher technical school Heerlen, daytime education

- Several jobs for others plants, mainly technical- administrative or maintenance labour

Senior Constructor CAD

12/2000 - 11/2004 Viro Engineering, Maastricht

Labour concerning intern: Design and Constructions and drawing of synthetic- and metal models, data communication, CAE, (E-)PDM. Project support. Support and training of draftsmen and designers

- **ASML BV Waferstepper- and Step & Scanstepper.** Worked 3 years mainly on the cable connections between the Solid Mainframe environment and the loosen world environment
- **Stork SIM sheetmetal designs** for several purpose
- **DAF Truck parts, axle shaft for Trucks**
- **Philips various** . e.g. mechatronical constructions, project support from start to finish for several designs in synthetic material and Steel.

CAD Design Engineer

4/1998 - 9/2000 **Stork, Sittard**

- Construction and design of automotive parts for high pressure injection moulding, design of metal and synthetic models, mechanisations, data communication, CAE.

CAD Design Engineer

6/1994 - 4/1998 **Philips KMT, Tilburg**

- Construction and design of consumer electronic intermediate products for high pressure injection molding designs of metal and synthetic models, mechanisations, data communication, CAE and PDM

CAD Design Engineer

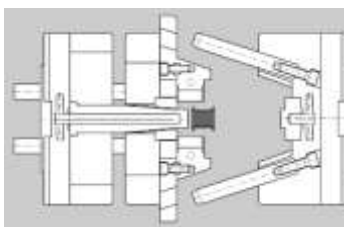

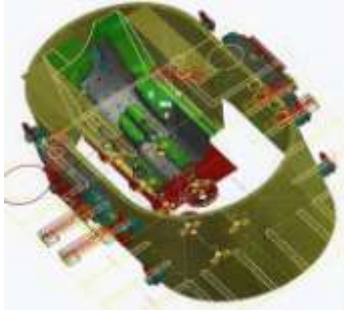

4/1989 - 6/1994 **DSM Rim Nylon, Maastricht**

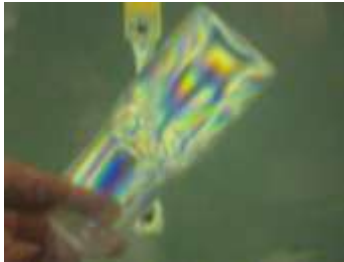

- Construction and design of moulds, models, machining parts, data communication, system organisation, working procedures, data recording Activities, calculations.

Apprentice Tool Engineer/ apprentice Constructor

6/1988 - 4/1989 **Blomix BV, Brunssum**

- NC & CNC milling, conventional turning-, milling-, grinding activities, Conventional drawing, mould finishing and mould fitting.

EDUCATION

07/2009 - 01/2010

Webdesign, Maaseik (B) :

- HTML, CSS, Templates, graphics, Dreamweaver CS 4 (NL)

09/2005 - 05/2007 Higher technical school, special fields engineering + commercial technology, Heerlen

- Education stopped after 2 years
- Solidworks, Unigraphics NX3 & NX4, self-education.

11/1995 - 10/2006

- **BAYER (D)**: Construction- & model development 11'1995
- **Philips Eindhoven** : ECODESIGN. 03'1996.
- **FONTYS college** : ENGINEERING DATA MANAGEMENT EDM 11'1997
- **SNO/NVA** : Bio-Energie 10'2006

01/1993 Digital NL, Gouda, Zuid Holland

- DEC VMS .

11/1990 - 11/1991 Microcentrum Nederland, Eindhoven

- Moulds for synthetic products B.

08/1989 - 10/1990 Unigraphics II several courses, Den Haag

- Certificates; Unigraphics II, BasicUnigraphics II, DesignUnigraphics II, Drafting Unigraphics II, UG Solids.

07/1988 - 07/1989 PBNA CAD Studies, Eindhoven

- Certificate CAD Studies.

- 06/1984 - 05/1988 Secondary Technical School Precision Mechanics, Sittard Construction, Machining, Materials, Instrumentation, Drawing practice, Machining practice

HOBBY CERTIFICATES E.G. .:

- 05/2009 Cooking (B)
- 03/2009 biophysical medicine
- 02/2009 Training Seminar biologist and radiesthesia (D)
- 10/2006 SNO-NVA Bio Energie

VARIOUS:

- Knowledge of the usual software and several software like imann, SAP, ASMLQ, Finbap, Teamcenter, SAP, ASMLQ, FTP, WEBDDX, MS-Project, Cimatron, (< Catia V5 & Solidworks), Unigraphics till version 18, Unigraphics NX, NX2, NX4.
- Good knowledge of German language in word and writing. Reasonable knowledge of English language in word and writing.
- Working according to the ISO 9001 standard.
- No 9 to 5 mentality.
